

Kansas REALTORS® PAC 2018 Primary Election Voting Guide

SUMMARY OF 2018 PRIMARY ELECTION ENDORSEMENTS

On Tuesday, August 7th, you will be presented with an opportunity to exercise your constitutional right to vote on candidates for public office. Regardless of your partisan political affiliation, we urge you to take this opportunity to exercise your rights and vote!

In order to help you make an informed choice during this election, the Kansas REALTORS® PAC (KS-RPAC) publishes this voting guide to provide you with more information on the respective candidates' support of REALTOR® issues and the endorsements made by KS-RPAC. The intent of this voting guide is not to instruct you on how to vote in the upcoming election. Rather, it is meant to serve as a guide to provide you with information on the respective candidates' support of REALTOR® issues.

All candidates endorsed or supported in this voting guide have demonstrated a very strong amount of support for REALTOR® issues through their voting records in the Kansas Legislature. Please review this voting guide to view the candidates endorsed and supported by the KS-RPAC in the 2018 Primary Election. Any candidates not listed in this voting guide have not been endorsed and will not be supported by the Kansas REALTORS® PAC in the 2018 Primary Election.

REALTOR® PARTY ISSUES FOR 2018 PRIMARY ELECTION

All decisions by KS-RPAC to endorse or support a particular state legislative candidate are based explicitly on the candidate's support for REALTOR® issues in the Kansas Legislature. It is the practice of KS-RPAC to consider an incumbents voting record over four legislative sessions. A candidate's support of the following issues have been considered by the 48 REALTORS® who sit on the KS-RPAC Trustees in determining the endorsements and contributions for the 2018 Primary Election:

- Reforming the Kansas property tax appeals and valuation process by leveling the playing field between property owners and local governments and increasing the consistency and predictability of property valuations (2016 SB 280);
- Protecting REALTORS® and small businesses from abusive patent infringement litigation by cracking down on the ability of "patent trolls" to demand vague and unreasonable patent license fees (2015 SB 38);
- Preserving consumer choice in the real estate market by banning cities and counties from imposing arbitrary price controls on the sale or lease of commercial and residential property (2016 SB 366);
- Lowering the ever-increasing property tax burden on Kansas property owners by giving voters the right to vote when cities and counties attempt to increase property taxes by more than the rate of inflation over the previous year (2015 HB 2109 and 2016 HB 2088);

- Protecting REALTORS® and other small businesses from predatory out of state plaintiffs' firms who engage in trolling activity (ADA website compliance and patents) by requiring them to comply with Kansas rules of professional conduct and subjecting violators to the Kansas consumer protection act. (2017 SB 50);
- Protecting fees paid by REALTORS® to the Kansas Real Estate Commission by prohibiting future fee sweeps by the executive and legislative branches (2017 HB 2153); and
- Preserving the deductibility of Kansas itemized deductions in response to federal tax reform by allowing Kansans to take the state level deduction regardless of whether they itemize federally (2018 S. Sub. for HB 2228).
