Kansas Association of REALTORS®

Education Mission Statement

Our mission is to offer the finest professional development opportunities available while exploring new ideas and practical responses to the existing and anticipated challenges facing real estate professionals.

Kansas Association of REALTORS® (KAR) is chartered through the NATIONAL ASSOCIATION OF REALTORS® (NAR) and is owned by 10,000 Kansas members. KAR is a professional trade organization for real estate professionals. The Kansas Association of REALTORS® Real Estate Education Program is approved by the Kansas Board of Regents (1000 SW Jackson, Ste 520, Topeka Kansas 66612) and by the Kansas Real Estate Commission (Jayhawk Tower, 700 SW Jackson St, Ste 404, Topeka Kansas 66603). KAR is a member of the NATIONAL ASSOCIATION OF REALTORS® (430 N Michigan Ave, Chicago Illinois 60611). The education program offered includes all coursework required to earn and maintain a Kansas Real Estate License in order to practice real estate as a broker or as a salesperson as defined by the Kansas Real Estate Commission.

The KAR Education Center (3644 SW Burlingame Rd, Topeka Kansas 66611) is located on the lower level of the Kansas Association of REALTORS® Office Building. The classroom seats 45 people at tables with power available throughout the room for laptop computers. The building offers wireless internet. The room is equipped with a large screen for presentations. Restroom and concession facilities are provided just outside the classroom. The facility is handicapped accessible and compliant with all applicable codes. Any classes held at other sites around the state are offered only in facilities (typically full-service hotel meeting rooms) that meet all requirements for accessibility and are compliant with all applicable codes.

Attendance Policy

The policy of the Kansas Real Estate Commission (and KAR) is that students must attend the entirety of a live class to receive credit for the course or pass an exam in the case of a distance-learning course. Anyone who wishes to attend any course offered by the Kansas Association of REALTORS® is welcome to do so, but only those students who are licensed will receive continuing education (CE) credit. KAR requires students to conduct themselves in a manner which allows everyone in the classroom to learn effectively while being treated with dignity and respect.

Course Completion Requirements

The live courses offered by KAR range in length from four hours to two days (8 hours per day). The Kansas Real Estate Commission requires no testing for live classes. Following the completion of the required coursework for licensure, students must pass a state exam and a general exam to obtain a Broker or Salesperson License. Licensing examinations are administered by official testing centers approved by the Kansas Real Estate Commission. Testing is required for all distance-learning courses of any kind on a pass-fail basis, with a passing score of 90%.

Students must (1) complete a 30-hour Principles of Real Estate course, (2) complete a 30-hour Kansas Practice Course, (3) pass both parts of the licensing exam, (4) pass a KBI/FBI background check, and (5) submit a license application to the Kansas Real Estate Commission. These steps constitute completion of the pre-license process. The Kansas Association of REALTORS® enforces the time requirements and provides instruction according to the content requirements of the Kansas Real Estate Commission.

Licenses are granted exclusively by the Kansas Real Estate Commission. The Kansas Association of REALTORS® is not a degree-granting institution. The completion requirement of all live courses for licensed real estate practitioners is attendance of the required renewal courses during each two-year renewal period. All distance-learning courses require students to pass an examination with a score of 90%.

The KAR Real Estate Education Program does not allow anyone to test out of a course. The Kansas Real Estate Commission requires that, to be awarded credit of any kind, the student must complete each course. Transfer credits are awarded at the discretion of the Kansas Real Estate Commission.

Admissions

There is no requirement for admittance to any classes offered by the Kansas Association of REALTORS®. The requirements for licensure for a salesperson or broker's license are listed on pages 4 & 5.
