Here are a few reasons real estate agents love Keynote:

"The videos make all of the difference in these courses. The program is so easy, so convenient. It's like being in a live classroom without the expense driving 300 miles to attend. The quality of the videos is great and you can't beat the price." -RICHARD F.

"I'm a believer! I've already used techniques I learned in class to close business. Keynote rates way above any other online class I've taken. In the past, I've always dreaded having to take a course online—read a book, take a test type of class. They are boring and I don't take away much. Keynote was nothing like those other classes. The delivery is innovative and memorable." -SHEILA S.

All Keynote courses offer
**CRS elective credit hours for
obtaining OR renewing your
CRS designation!**
